10.

- Value STP is a facility wherein Unit holder(s) can opt to transfer variable amounts into the Transferee Scheme from the Transferor Scheme on the date of transfer at predetermined intervals. The amount to be transferred will be arrived at on the basis of the difference between the Investment Value [(first Installment amount) X (number of Instalments; including the current instalment] and the actual Market Value or the holdings in the Transferee Scheme on the date of transfer. The first Value STP installment will be processed for the first installment amount specified by the Unitholder at the time of enrolment. From th second Value STP installment onwards, the transfer amount may be higher or lower than the first installment amount, as derived by the formula stated below: [(First installment amount] X. (Number of installments including the current installment]] (Market Value of the investments through Value STP in the Transferee Scheme on the date of transfer.)] On the date of transfer, if the market value of the investment is in the Transferee Scheme through Value STP is higher than the Investment Value for that month [[(first installments)] / (Market Value of the investment)], then there would be no transfer effected from the Transferee Scheme.
